

Let's Make Really Cool Stuff!

## TL Maker Lab

Now meets after school on

**Wednesdays from 2:45 -**

**4:30pm in the**

**Engineering Tech Computer**

*TL Maker Lab will meet on Wednesdays from 2:45- 4:30 pm in the Engineering Tech Computer Room. TL Maker Lab is a student and volunteer-driven enrichment program that is part of TL Innovation Lab. TL Maker Lab meets after school so we will have more time to make cool stuff! TL Maker Lab students can meet additionally during lunch as part of the TL Innovation on Wednesdays to build community around applied computer science and tech at TL. We look forward to posting about our new and exciting projects that our students will make this year! Also, look for us at the Bay Area Maker Faire 2019! If you would like more information on how to become a project mentor or parent volunteer, please contact Owen Bartolf at [owen.bartolf@gmail.com](mailto:owen.bartolf@gmail.com).
